Making my way, baby
Nothing can't stop me, baby
Now I'm going straight

Won't play by rules, baby
Thinking with my head, baby
I'll go against the flow

Baby, I couldn't live like you want me to
Baby, got to be true, and I'm gonna do

Get out my rebelution
Get out, get on
Break out, I'm not a loser
Stand up, hands up
Get out my rebelution
Get out, get on
Straight up, I am a fighter
Stand up, hands up
I keep livin' my live
'Cause I'm a special girl got it?
Get out my rebelution
Get out, get on

I can see through, baby
Try to remember, baby
So freedom is my way

I like myself, baby
I'm no yes-man, baby
You must be brave right now

Baby, I couldn't live like you want me to
Baby, got to be true, and I'm gonna do

Get out my rebelution
Get out, get on
Break out, I'm not a loser
Stand up, hands up
Get out my rebelution
Get out, get on

Straight up, I am a fighter
Stand up, hands up
I keep livin' my live
'Cause I'm a special girl got it
Get out my rebelution
Get out, get on

My rebelution

Get out my rebelution
Get out, get on
Break out, I'm not a loser
Stand up, hands up
Get out my rebelution
Get out, get on
Straight up, I am a fighter
Stand up, hands up
I keep livin' my live
'Cause I'm a special girl got it?
Get out my rebelution
Get out, get on

My rebelution, baby

I keep livin' my live
'Cause I'm a special girl got it
Get out my rebelution
Get out, get on
