Can't wait  
sittin' in the blocks  
I can see the daylight  
Let's go  
startin' up the show  
flashes hit me so bright

When the clouds go by  
try to satisfy  
come on now

Rockin' on heaven's floor  
get the angels freakin'  
more an' more  
rockin' on heaven's floor  
devil's only knockin'  
right out there on the door

Can't stop  
livin' on the edge  
had to be a hero  
be strong  
banging all night long  
counting down to zero

When the clouds go by  
try to satisfy  
come on now

Rockin' on heaven's floor  
get the angels freakin'  
more an' more  
rockin' on heaven's floor  
devil's only knockin'  
right out there on the door
