Heeeeeey...

You were my sun
Memories of lightness
Rain drops keep falling onto my head
Ice races through my veins
And it makes me cry
Why did leave me all alone?
It's no use to try...

I'm tellin' you goodbye,
my love
All is said and done
I wish you all the best,
my friend
And thank you for all the fun
I'm tellin' you goodbye,
my love
In some way, there is a chance to love again
Without you someday, without you someday...

You were my earth
We had the power
Hearts felling homeless
So deep inside
We'll find our place to live
In search of ourselves
The pictures of the past are gone
We'll go it all alone...

I'm tellin' you goodbye,
my love
All is said and done
I wish you all the best,
my friend
And thank you for all the fun
I'm tellin' you goodbye,
my love
In some way, there is a chance to love again

I'm tellin' you goodbye,
my love

All is said and done
There is a chance to love again
Without you someday, without you someday...
