There's too many dirty dishes
In the sink for just us two
I say there's too many dirty dishes
Baby in the sink for just us two
Well, you got me wonderin' baby
Who's makin' dirty dishes with you?

I go to work in the mornin'
I come right home every night
When I leave the sink is empty
And when I come back home
My baby got 'em stacked up out of sight

There's too many dirty dishes
Baby in the sink for just us two
Well, you got me wonderin'
Got me wonderin' baby
Who's making dirty dishes with you?

I cleaned your dirty dishes
How much more am I supposed to take?
When I left I had fruit loops for breakfast
Now, there's a bone from a T-bone steak, y'all

And there's too many dirty dishes
Baby in the sink for just us two
Well, you got me wonderin'
You got me wonderin' baby
Who's makin' dirty dishes with you?

Well you got me wonderin'
You got me wonderin' baby
Who's makin' dirty dishes with you?
