I say put your arms around me
Someday then your legs
I would carry your basket
but I'm afraid I'd break your eggs

Girl of nice persuasions
Talking Conversations
I need some time alone
To be seem what should be sown

Take me past the boundaries
Someday in your head
Noticed you are fragile
Don't want to near the edge
Girl of nice persuasions
Talking Conversations
I need some time alone
To be seem what should be sown

I say put your arms around me
Someday then your legs
I would carry your basket
but i'm afraid I'd break your eggs
