Suddenly your all awake in bed
Sayin' "what am I doing here
When I could be doing
Something else instead"

We was all laughing, havin' fun
Spacey feelings at the top of my lungs
I look right down, start to stare instead
Like every single day,
When your trippin on fungus...

Now or Later
I could believe you said
"Such little things
can fill up your head"

We was all laughing, havin' fun
Spacey feelings at the top of my lungs
I look right down, start to stare instead
Like every single day,
When your trippin on fungus...

All outta nothin'
I could swear you said
"Why is there a substitute
When the real thing is best?"

We was all laughing, havin' fun
Spacey feelings at the top of my lungs
I look right down, start to stare instead
Like every single day,
When your trippin on fungus...
Like every single day,
When your trippin on fungus...
Like every single day,
When your trip-pin on fun-gus...
