Welcome onboard, make yourself at home
Get ready for a trip down lovers lane
Make your choice on the touchscreen on your left
Just relax, Wait for the flow
Tickets please, The journey's at hand
It's gonna rip your soul in two
The show begins on the stage on your right
Raise the tension, Wait for it...
Behold the moves
Ensnared by heated flesh
Heartbeats - Extacy
Erotic trance - Perversion Express
The vision's blurred as the blood leaves your head
Pulsing through your veins in a higher pace
Moving back & forth, Up & down, All around
Try to endure, Wait for the flow
All too close, Your blood's about to flow
Approaching the critical state
The final energy is emptied from your soul
Explode, Feel the flow
Behold the moves
Ensnared by heated flesh
Heartbeats - Extacy
Erotic trance - Perversion Express
Enjoy the heat
Drowned in tears and sweat
Mindwipe - Extacy
This is all you need
Behold the views
Ensnared by heated flesh
High screams - Extacy
Erotic trance - Perversion Express
