Have you got the time, I do
Have you got the room for two
Have you given thought to me and you
Have you got the time, I do

Have you had the dream I have
Have you been the fool I am
Have you felt the way I feel for you
Have you got the time, I do
Have you ever been the way I've been
Ever since the day I lost my heart to you
Oh, have you

Have you felt the way I feel for you
Have you got the time, have you got the time
Oh, have you got the time, I do
