VERSE 1

Tired of these lonely nights
Lost inside this maze of mine
What I wouldn't give for just a glimpse of light

I've seen every shade of pain, felt every drop of rain
How I'd like to start again like a newborn babe
Rise like the sun and

CHORUS

Shine, put behind the past
This chapter is done and I'm through at last
The east is calling, the day is dawning
And I'm awakening, rise and shine

VERSE 2

Gripped by fear, my mind clouded
Like Thomas I had doubted
That anyone could be new again

Then the horizon came with the sky aflame
And I knew that I would never, ever be the same
Gonna take my place and

CHORUS

Shine, put behind the past
This chapter is done and I'm through at last
The east is calling, the day is dawning
And I'm awakening

Rise and shine, put behind the past
This chapter is done and I'm through at last
The east is calling, the day is dawning
And I'm awakening, rise and shine

BRIDGE

Well, I know I'm not the only one
I've seen the light of a thousand stars start to shine

VAMP

Rise and shine, rise and shine (repeat)
