VERSE 1

They say it is the road less traveled
And there are few that walk its way
Many try, but many stumble
And follow those with hell to pay

Well I ain't lettin' others chart a course for me
'Cause I was born to be free, yeah, well

CHORUS

Take me down the road that's straight and narrow
It's the only way that I will ever go
Take me down the road that's straight and narrow
It's the only way I'll go, even if I walk it alone

VERSE 2

Could take the path of least resistance
Could hang it up before I'm done, oh no
But even worse than never tryin'
Is never knowin' what could come

I didn't get this far just to turn around
Ain't no way I'm losin' ground, no

CHORUS

Take me down the road that's straight and narrow
It's the only way that I will ever go
Take me down the road that's straight and narrow
It's the only way I'll go, even if I walk it alone
The straight and narrow

Take me down the road that's straight and narrow
It's the only way that I will ever go
Take me down the straight and narrow
It's the only way I'll go, even if I walk it alone
Oh, the straight and narrow
It's the only way that I will ever go
Take me down the straight and narrow
It's the only way I'll go, even if I walk it alone

Take me down

Take me down the straight and narrow, oh, yeah

Take me down
Take me down the straight and narrow
C'mon and take me down
Take me down, take me down, take me down
I wanna go down the straight and narrow
