Why do we fall in love when
Hearts are meant to be broken
Sad and lonely slow and cold
Whats the answer we only human
Bodies burning, the nite is young
The walls are turning, the road is long
Empty boxes, broken dreams
Soul is lasting, memories

I aint even gonna front
Someone hold this are you done
So what I fell in love and
Ill turn into the wall
Throw the pain don't you wine no
Couldn't see it was raining
This is it, weathers changing
Doesn't matter if im lost
Is there anybody there who is searching for me

I cant get get over you
Lemme hear what a man gotta do
She could be be anywhere
She could be anywhere(x2)

What about the, life we made
Love the ocean sail away
World war, red skies
Is this the end, burning spite
Truth be told that ima believer
Tears are flowing, in to the river
Clock is ticking winters gone
Still here waiting for you to come

I aint even gonna front
Someone hold this are you done
So what I fell in love and
Ill turn into the wall
Throw the pain don't you wine no
Couldn't see it was raining
This is it, weathers changing
Doesn't matter if im lost
Is there anybody there who is searching for me

I cant get get over you
Lemme hear what a man gotta do
She could be be anywhere
She could be anywhere(x2)
