I dance, I laugh, I smile
I drink, I kiss, go wild
I take advice from all my friends
who say that I should start again
forget about you
but I don't know how to
they say

time heals so I'll wait
it tell me that it's gonna get better
but I'll meet someone
who's gonna help me forget ya
so many broken hearts get fixed, yeah
but they must have been nothing nothing nothing
must have been nothing nothing nothing
must have been nothing nothing nothing
nothing like this

it steams, it hurts, it aches
it never goes away
and every day when I wake up I pray that I fall outta
love
forget about you but I don't know how to
they say

time heals so I'll wait
it tell me that it's gonna get better
but I'll meet someone
who's gonna help me forget ya
so many broken hearts get fixed, yeah
but they must have been nothing nothing nothing
must have been nothing nothing nothing
must have been nothing nothing nothing
nothing like this

it's like we're talking about rain drops
when I'm leaving in a hurricane
it's like I'm talking about aftershocks
when I'm standing in the earthquake

time heals so I'll wait
it tell me that it's gonna get better

but I'll meet someone
who's gonna help me forget ya
so many broken hearts get fixed, yeah
but they must have been nothing nothing nothing
must have been nothing nothing nothing
must have been nothing nothing nothing
nothing like this
