"All The People"

The fire's out of control
They're lined up at the water hole
It's easy here on our own (I'm doing the best I can, I'm
doing the best I can)
It's easy when no one's home

Come take me out of here
There's no one that don't fear
Looked forwards, the earth stood still
Looked backwards, I had my fill

All the people
Lonely people
All your saviours
Only saviours
All the people
Lonely people

I can't see their eyes
I can't see their eyes

This is a story from a friend of mine
This is a story from a broken time
All the people
Lonely people
All your saviours
Only saviours
