He gets mad when I get drunk  
Walk around town like a loaded gun  
But now I'm fully she'd  
And I'm back in bed

Highschool kids get stoned  
Falling in and out of love  
We were playing dead  
We were upset

Ah, you should let me go just a little bit  
I'm coming home in just a little bit

Standing at the edge of the things I've done  
Push me off and wake the sun  
Am I fully she'd  
Are we there yet?

Ah, you should let me go just a little bit  
I'm coming home in just a little bit

I wanna know just a little bit  
I'm gonna let in show and be done with it
