"Bad Apples"

All these bad apples
Falling of all these trees
I wish that they were lemons
So I'd have something to squeeze

The bad thing about apples
Is that they have seeds
To make more bad apples
To make more bad apple trees

Oh I picked you 'cause you looked good to eat
But you left me bitter, definitely not sweet
'Cause you, you've done an evil thing
Yes you've gone and you've poisoned me
You, led me to believe
That the fruit, the fruit was good on your tree
But all it ever did was make me feel guilty

Oh I don't care if you bake it or you spice it
You slice it or you dice it
I don't care about your leaves
Your fruit is bad anybody can see
I don't care about those things
You'll never give me what I need

Oh I picked you 'cause you looked good to eat
But you left me bitter, definitely not sweet
'Cause you, you've done an evil thing
Yes you've gone and you've poisoned me
You, led me to believe
That the fruit, the fruit was good on your tree
But all it ever did was make me feel guilty

It's true that the apple does not fall far from the tree
I just wish that your bad apple hadn't fallen in front of
me
