You are my favorite song that I have ever heard  
Boy you're my sunshine yes you are and so much more

You are the best friend that I have ever had  
You love me when I'm angry, you love me when I am  
mad

You are the kindest soul that I have ever known  
Oh baby in your arms, that's where I am home

If you can stand all my pretending  
If you can stand all my spending  
If you can stand all my drama  
Then I guess I can stand your mama

You are the most handsome man that I have ever seen  
I could travel back a thousand years, search through all  
of history

You are the smartest man that I have ever met  
All our babies will be smart as you, Oh I'm all set

You are the bravest soul that I have ever known  
After all you're marrying me, it's not to late to say no

I can stand all your technology  
Just know that it's not in my biology  
I can stand the way you eat cereal  
Just as long as you always treat me imperial

You are my favorite song that I have ever heard  
I could sing your song all day long, not get sick of one  
single word

You are my Mr. Bear, I would be your Mrs. anywhere  
From Rome to Tokyo, it's real love you know

You are my chocolate sunrise, my constant love  
My sweet surprise, oh I love those eyes

If you can stand all my pretending

If you can stand all my spending  
If you can stand all my drama  
Then I can stand all your technology  
Just know that it's not in my biology  
I can stand the way you eat cereal  
Just as long as we always treat each other imperial
