I stand in a field with both hands raised  
I need to feel some love and catch some grace  
I sing in the day at the top of my lungs  
Hoping you'll hear an echo of my love

My soul has gotten dirty from the world  
They tried to tell me that I wasn't your little girl  
Like a pearl at the bottom of the sea  
Is the treasure that I've found in you and me

Oh hear me now, Oh forget me not

I stand in the distance but you still call my name  
I'm happier with a silhouette I say  
The closer you get the more that you will see  
Oh I've got to try and hide my mess all my ugly

I stand before you naked  
I can't lie or try to cover who I am  
The skin that was broke touches my hand  
You said you love me more than all the grains of sand

Oh hear me now, forget me not

I'm nailed beside you on the cross  
You said you had to save what was lost  
Well I'm lost and in need of some saving  
Then you looked at me and said you'll see me in  
heaven

Oh I;ll stand before you one day  
Will you look at my soul and say  
I knew you and we walked as one  
Or depart from me you stranger and unknown one
