Cotton, sheets of cotton gracefully hung out to dry  
Blue Sky, blanket of blue sky out my paint chipped  
window.

Lilacs and daffodils smell so good that I could cry  
And all the cherry blossoms bloom for miles and miles  
It's spring time , spring time, it's spring time in  
Michigan

Beaches, great lake beaches my joyful feet in your  
sand

Sunshine, sail with sunshine, and a touch of wind  
Marshmallows, sticky marshmallows are oh stay in the  
flame

Shootin' stars, I watch shootin' stars from the  
quilt where I lay

It's summer time, summer time, it's summer  
time in Michigan.

Apples, juicy red apples, in bushels everywhere  
Pencils, a bouquet of pencils, patiently wait on my desk  
Trees shed their leaves like feathers like a dove  
Pile up like pillows for everyone to jump  
It's fall time, fall time, it's fall time in Michigan.

Hilltops, we sled down hilltops, as fast as we can go  
Snowman we built a snowman when came the first  
snow

Hot chocolate we sip, hot chocolate we sip, hot  
chocolate

Let it warm our soul, all the lakes are frozen over

So Ice fishin' we go, it's winter time,

Winter time, it's winter time in Michigan

It's winter time, winter time, it's winter time in  
Michigan.
