Out of place, out of space and time,
Wide awake, out of papers dying
Not okay, I am out my mind,
Out of space, that's where I been goin'

To a place where
Place where nobody knows, floating
At a pace where now you see me
And now you don't

I do not feel the fear of falling
I wanna fly
If it all goes well
Then I will
But what if I don't?

I'll be right where I was before
But I'm not alone
You said take my hand and we go,
And we go, and we go, and we go, and I hope

That we don't overdose
'Cause we don't, 'cause we don't
No we don't ever know
When we have had enough
Wait

Now my thoughts so cloudy
And my heart's so crowded with pain
I am so frustrated
Like my soul's been taken away

Broken promise of
Everything that I thought you were
Thought you said this would never hurt
That's what it did, that is all

I do not feel the fear of falling
Thought I could fly
It didn't go well, oh well
What do you know

I'm right back where I was before
But I'm not alone
You said take my hand and we go,
And we go, and we go, and we go, and I hope

That we don't overdose
'Cause we don't, 'cause we don't
No we don't ever know
When we have had enough

I'ma be so cold, need some boy
I've never felt these things before
I'ma been for sure, please don't go
How could you not need me no more

Well I don't get it
You're the only thing that I love
You're the only thing that I want
You're the only reason only reason

I do not feel the fear of falling
I wanna fly
If it all goes well, I'm well
But what if I don't?

I'll be right where I was before
You're all that I know
