Three blunts rolled up  
Hennessy in my cup  
He always told me slow up  
I never really gave a f-ck  
We haven't spoke in 3 years  
I wish that he could be here  
I'm tryna fight through these tears  
But I'ma call him anyway and tell him

F-ck this shit, I'm missing you so bad  
I know you still think of all the times we had  
I said f-ck that shit that I was on before  
Like then I didn't know but now I'm for sure

Ohhhh, oh  
I'm just saying I'll do whatever  
To get you back, yeah, I'll do whatevrrr  
Tell me have I said that ever?  
Without you here I cannot do better  
Without you here I cannot do better (Ohhh)

And I just been sitting here going crazy  
Been thinking about the baby that we almost had  
Thought I moved on, but I didn't  
Like who am I kidding?  
Shit, it's all been bad  
He threw a party, yeah he threw a party  
Remember I went when he threw a party  
We went to his room and shit got retarded  
Hate that I used no protection, I'm sorry

I need you right now, are you down to listen to me?

I think that was something was slipped in my drink  
I know you're thinking how dumb can I be  
Shouldn't be there anyway, I'm ashamed  
That night was my first time trying cocaine  
After we split up, nothing's been the same  
I've been caught up living in the fast lane  
It's been two months and I'm scared cause I'm (?)

Emotions are mixed up

I am just a crazy girl  
Lucky that you picked up  
Lucky that you stayed on  
I need someone to be my savior  
Could it be youuu?

I'm just saying I'll do, I'll do whatever  
Without you here I cannot, I cannot do better  
Yeah, yeah, yeah, yeah  
It only gets better with you  
And I am only better with you  
It's true

Baby, I'll do whatever I gotta do  
Whatever I gotta prove  
I'll do it, I'll do it  
I'll do it

Cause I been drinking, I been smoking  
Way too much and way too often  
And I need you, and I need you right now  
I need you now  
Ahhh
