Oh yeah, oh, oh, oh  
Waves descending is crashing against the shores of...  
So hard for me to understand when doctors they  
cannot cure this  
I wish I could take away your pain, I wish I could replace  
this  
Man, I just want you to be OK,  
Man, I just wish I could erase this  
I know the life has a funny way, so I'm not complaining  
While I still got you here, I still got you here  
I hope that you can hear this!  
Don't give up, don't give up on us  
I just want you to hear this! Don't give up on us!  
See, when you were two I was born,  
And when I was two you were four  
And when I was four, you were six  
And now I'm just sitting here, remember this,  
You are more than just my brother, we grow up just like  
best friends  
I know that nothing lasts forever, but I don't want this to  
end

So don't give up, don't give up on us!  
I just want you to hear this! Don't give up on us!  
Love took your last breath to the last...  
To forever ends and that's never  
And I won't stop loving you ever  
Do you understand?  
Till your last breath, to the last...  
Till forever ends and that's never  
Man, I won't give up on you ever  
Please just hear this!

Sometimes you gotta walk through the darkness to get  
to the light  
Sometimes you gotta get through the wrong shit to get  
through the right  
Alright! No matter how hard life gets, still gotta fight  
Sometimes you gotta walk through the darkness to get  
to the light

And if love is real and love can heal, on the real I would

die for you  
Say if love was real and love can heal on the real I  
would die for you  
So don't give up, and don't give up. don't give up baby!  
I know you hear this!  
Don't give up, don't give up on us!

Sometimes you gotta walk through the darkness to get  
to the light  
Sometimes you gotta get through the wrong shit to get  
through the right  
Alright! No matter how hard life gets, still gotta fight  
Sometimes you gotta walk through the darkness to get  
to the light

I'll never give up on you, so don't give up on us  
You still gotta fight, you still gotta fight  
Please don't give up! Just don't give up!  
I had a dream last night and everything was alright  
And you were walking, you were talking just like  
everything was alright  
And I know it was for a reason, I won't stop or leave, I  
won't  
And if the angels call all night  
Baby please say that you'll stay in  
And if the angels call your name  
Baby please tell them that you'll stay  
I know that you can hear this  
Don't give up, don't give up on us!  
Hear me! Please hear this!  
I would die without you, I would die without you  
I would die without you!  
So don't give up on us!
