Intro:

Ro-Ro-Roose!

First Verse;

Ciroc and Lemonade mixed in my Styrofoam,  
Trynna pin point the exact moment where I went wrong  
Damn I'm wasted,  
And my mind is racing

And frankly my dear I've gotten so tired of chasing,  
And my life is so out of place and I can't make it fit

So my best solution is just to escape from it,  
So pour another drink, give me a pillow too  
Cause I don't wanna think,  
Girl I rather feel for you

Chorus

What I feel, What I feel now?  
What is real, What is real now?  
Am I still, Am I here now?  
If I'm still, Will I feel now?  
What is real now?  
Feel now?  
What is real now?  
Feel now?  
What is real now?

Verse 2 (Jhene')

I cant afford more problems,  
I don't have time to solve them  
Faking these smiles too often,  
I do not cry that often  
I need to cry more often

Am I living or Dying,  
Or, Fighting something worth fighting for?

I'm the only real I see,  
I'm the only real I see

Chorus

What I feel, (What I feel) What I feel now?  
What is real, (What is real, What is real) What is real  
now?  
Am I still, (Am I still) Am I here now?  
If I'm still, Will I feel now?  
What is real now?  
Feel now?  
What is real now?  
Feel now?  
What is real now?

(Hope's Verse)

Good intentions, Good intentions  
Young Old Soul,  
These my hood admissions  
In search of heaven's admissions,  
In these streets we live in,  
The young raising the younger,  
We hunger for ears to listen  
But I,  
Come in peace with peace and hair grease  
Waves like Catalina,  
Problems you can't see,  
A soul full of problems,  
Eyes filled with grief  
If you don't like being judged then you should judge  
me

Chorus

What I feel, (What I feel) What I feel now?  
What is real, (What is real, What is real) What is real  
now?  
Am I still, (Am I still) Am I here now?  
If I'm still, Will I feel now?  
What is real now?  
Feel now?  
What is real now?  
Feel now?  
What is real now?

Lite Singing:

Wake me up if I'm dreaming now,

Get me out of this hazey cloud,  
Feeling like I'm free falling now,  
But I'm never gonna hit the ground,  
Gone through way too many ups and downs,  
Breaking free from these chains right now,  
Won't let nothing else hold me down,  
Letting go of it all (It all, It all)

Chorus

What I feel, (What I feel) What I feel now?  
What is real, (What is real, What is real) What is real  
now?  
Am I still, (Am I still) Am I here now?  
If I'm still, Will I feel now?  
What is real now?  
Feel now?  
What is real now?  
Feel now?  
What is real now?
