Can you feel it, all that spacing between us?
I know you can feel it, I miss you just a little too much
Memories in the breeze are they gone out
Thought that I would be right, but Iâ€™m wrong now
So many feelings, I missed you just a little too much!
We built it all, we let it all crash down
We had it all, we let it all burn to the ground
But maybe we can turn around and get back
Cause right now Iâ€™m off track
Iâ€™m looking for a way back to love!
I need you now, Iâ€™m feeninâ€™ for your touch
Come back to love! Come back to love!

No matter where I go, itâ€™s impossible
Although try it, I try to shake it
It is some kind of force, invincible
I try to hide but I canâ€™t escape it
And it keeps on pulling you, back to me,
I wish I wish I was dreaming and we were trough
But my head keeps going round like a merry go round
We thought about you!
I leave and come running back
Cause I donâ€™t know how to act when youâ€™re not by my
side
If itâ€™s not meant to be, that explains the fact
That no matter where Iâ€™m at, itâ€™s only you on my
mind!

I come back like a boomerang, boomerang,
boomerang
I come back like a boomerang, boomerang,
boomerang
I come back like a boomerang, boomerang,
boomerang
Come back to me, Iâ€™m on my knees
Begging you, please come back to me!
I know I havenâ€™t made the time
Cause Iâ€™ve been on my grind
But Iâ€™m prepared if you come back to me
Come back to me, come back to me!
Take the blame for my mistakes

Lost till you come back to me!
Yeah, yeah, yeah, come back to love
Come back to love, come back to love
