It's raining and I hear another knock at my door
I see you in my dreams
I can't take it no more

I run but can't hide my feelings
Sends chills down my spine
It's getting cold
You can hear the bloody screams
Pouring out of my soul, soul.

I've been pacing around in the dark
No way out
It's breaking me down
Grab my cross and pray
The faster I run
The closer it gets
I can almost feel it down my neck

There's nobody to hold me
Nobody to save me
I'm feelin like I'm all alone
So I cover my eyes
And I run and I hide
Because I wasn't fit to play the role

2 x
In your horror
Oh whoa
I don't wanna be in your horror flick.

It's quiet but I hear your footsteps on the floor
Thought I could do it on my own like a ouija board
But my mind is playing tricks on me
Thought I saw your name on my telephone
Hopin' for the sun
I keep my eyes closed

I've been pacing around in the dark
No way out
It's breaking me down
Grab my cross and pray

Â'cause the faster I run
The closer it gets
I can almost feel it down my neck

ThereÂ's nobody to hold me
Nobody to save me
IÂ'm feelin like IÂ'm all alone
So I cover my eyes
And I run and I hide
Because I wasnÂ't fit to play the role

2 x
In your horror
Oh whoa
I donÂ't wanna be in your horror flick

ThereÂ's nobody to hold me
Nobody to save me
IÂ'm feelin like IÂ'm all alone
So I cover my eyes
And I run and I hide
Because I wasnÂ't fit to play the role

2 x
In your horror
Oh whoa
I donÂ't wanna be in your horror flick
