Help to blind me, trying to burn me
Your hole not mine
I just need to keep you all out
I want to think but I don't take time

[Chorus:]
Away from home
Learn to hate
Die for the land
Fucking waste

Push the button, who cares anymore
Same old mistakes again and again
Guerillas on the front neat fen the east
Put another body on the pile

[Chorus:]
Away from home
Learn to hate
Die for the land
Fucking waste

Help to blind me, trying to burn me
Your hole not mine
I just need to keep you all out
I want to think but I don't have the time.
