"Sum Of Your Achievements"

Visit "[Sum Of Your Achievements](#)" on MotoLyrics.com

Children burning, crawling, dying
Knowledge and science used like toys
Splitting neutrons we made us a bomb
No advances, just death of man
Sum of your achievements
Sum of your achievements
Sum of your achievements
You call this something to be proud off
Achieve destruction, obliteration
How the west was won
Going further back to discover new bombs
Science is working to destroy us all
Sum of your achievements
Sum of your achievements
Sum of your achievements
You call this something to be proud off
Sum of your achievements
Nagasaki
Sum of your achievements
Hiroshima
Sum of your achievements
All of us
Sum of your achievements
