Two chiefs vie for the pleasure of gain  
When their boy hits you right in the face  
they try to buy you off say its for the good of man  
donâ€™t even try to see if I play the same game  
I give you all I got; I give you all you want  
You wonâ€™t want no more when I get through with  
you  
Dance, dance, dance for change and the same old  
same old  
You donâ€™t realize that weâ€™re in the same boat  
Tell no truth but donâ€™t lie step on me to sit upon  
high  
But you wont be living out those dreams  
When youâ€™re trying to make me a slave  
I give you all I got; I give you all you want  
I give you all you want from me  
All this worshipping, are you set to maintain?  
Hell no I ainâ€™t going down to my knees  
Oh so smooth always in my ear  
How the futures gonna save me in time  
You slip between the raindrops dancing like a king  
But I ainâ€™t gonna let you stay dry  
I give you all I got; I give you all you want  
I give you all you want from me  
Hell no I ainâ€™t going down to my knees
