My shell is hard, my hooks like steel
My wings are fire and you cannot break my will
all these years you've tried to kill me
Boy you ain't made a dent
See I'm a Georgia warhorse and I ain't easy to kill
A bigger man than you he stepped on me
He put me under shoe just to see
What it'd do to me but I always roll out alive
See I'm a Georgia warhorse and I was built to survive
you gonna get more than you bargained for tonight
Cause I was born with a smile and a heart of stone
See I'm a Georgia warhorse and I ain't easy to kill
Well I'd like to take, this time to say
Its been a pleasure but I must be on my way
Cause man ain't built any jail, lord he can keep me in
See I'm a Georgia warhorse and I ain't easy to kill
