V1

I saw more than enough
of the dark side of love,
so I packed my bags and headed home.
I hung out with my dad
but couldn't work it out
till Dad said, Son, what's wrong?

V2

And the tears came then
as the hurt rushed in
Dad looked me square in the face.
He read to me from a book
and I cried till I shook
from his words saving grace.

Chorus:

God's son had a broken heart
like the one you have now.
And like the cross
that he had to bear
H e knows a broken heart
is a heavy thing to carry.

Repeat Chorus:

God's son had a broken heart
like the one you have now.
And like the cross
that he had to bear...
He knows a broken heart
is a heavy thing to carry.
