Seven inches away
Could be the perfect kiss yeah
Focussed don't you turn away
Cause you might miss this kiss

See I've never been this close before
My mind is somewhere on the floor
Cause I'm out of her league to her love

It'll be alright
Cause she's giving you the green light yeah
She wants you to take flight yeah
She's giving you the green light
So go cause she's giving you the
Green green green green green light
She's giving you the
Green green green green green green light

Now you're 5 inches away
Isn't she beautiful oh
Come and show her that you want it
Get your hand out of your pocket
And reach for the stars
It can't be that hard

See I've never been this close before
My mind is somewhere on the floor
Cause I'm out of my league to her love

It'll be alright
Cause she's giving you the green light yeah
She wants you to take flight yeah
She's giving you the green light
So go cause she's giving you the

This is the perfect time
Make her fine
Once she gets a taste of you
She'll never find her way home again
Home again
Oh oh ohh

Yeah

Now you're half an inch away
Make it the perfect kiss

It'll be alright
Cause she's giving you the green light yeah
She wants you to take flight yeah
She's giving you the green light
So go cause she's giving you the
Green green green green green light
She's giving you the
Green green green green green green light
