Oh, oh, I got my baby...to stop.

My baby, my baby, my baby, my baby, my baby, my
baby, my baby, my baby, my baby

My Shorty look good, ... stop by and you knew she'll
never leave my side
Ever I need her ever takes to be there, by my side, I'm
glad that she is mine
My baby she's gonna get it, first place winner, ... top,
I'ma still be with her
So go figure, I never thought that a player like me will
ever be with somebody like you
I like the way you help me when you hold me down,
You don't care when nobody thinks ... but
... there's no one like you, that's why it's easy for me to
give my heart to you

My baby, my baby, my baby, my baby, my baby, my
baby, my baby, my baby, my baby
My baby, my baby, my one and only, and you're always
by my side

It's crazy cause my girl she never argues
She knows I wear the pants and the shit and she loves
me
Knows how to put anybody ... above me, trust me
If nobody does, she has my back
If I move to the left, she moves to the right
I don't know if she's gonna be coming back and right to
my side

I love her so much don't wanna get tear us apart

Girls why I can give you my heart, oh baby
My baby she's gonna get it, first place winner, ... top,
I'ma still be with her
So go figure, I never thought that a player like me will
ever be with somebody like you
I like the way you help me when you hold me down,
You don't care when nobody thinks ... but
... there's no one like you, that's why it's easy for me to

give my heart to you, girl

My baby, my baby, my baby, my baby, my baby, my
baby, my baby, my baby, my baby
My baby, my baby, my one and only, and you're always
by my side

And there is no one else that can take your place, no
one else who can ...
You're irreplaceable and the way you hold me down is
amaze
Girl ... nothing, can't live without your loving
You don't care when nobody thinks ... but
... there's no one like you, that's why it's easy for me to
give my heart to you, girl

My baby, my baby, my baby, my baby, my baby, my
baby, my baby, my baby, my baby
My baby, my baby, my one and only, and you're always
by my side
... yeah
