(Verse 1)

Alright checklist, Bust up the rave with no set-list
Everyones crying stick to grime
You need a black eye but i don't want a wet fist.
Before I get dissed, you have to walk three steps in my shoe
The difference between me and you, is I do what i want
and you want what I do.
See. Theres a big gap
The music your making i don't dig that
Put your CD in a bin bag, straight up and down not zig-zag.
I don't want to here chit-chat. Shut your mouth you
need a big slap.
I don't do hip-hop fam I do grime, but Boy Better Know
it's a rap.

(Chorus)

I'm the best
Can you hear me I'm the best rude-boy,
Don't test me fam. Just rest.
Before i f***ing air out your whole chest.

(Verse 2)

I'm the best, and so's he
I make big tunes, they're all moeshi
I had a mushroom, i had fire-power
I had a finger, now I'm on yoshi.
I'm an alien, i don't know what going on in my cranium.
Bra. I write a sick bar, you think I'm a star, now im
smooth sailing?
Easy. Cuz I'm sick. Everybody knows im the s*** .
You're the smoke, you're the smell.
You're a joke, so's your girl.
You're broke i can tell, look at your coat, look at your
nails.

It's you you're making a muck of, if i was me i'd tell you
to f*** off.

(Chorus)

I'm the best

Can you hear me I'm the best rude-boy,
Don't test me fam. Just rest.
Before i f***ing air out your whole chest.

(Verse 3)

I'm just a badman over a good beat
Its either you think im the best... Or you think that I
should be
Wuaguan for this doobsie.
Don't get rude. I'll slap you fast nobody would see.
Keep thinking every things kushty
You get bare uppercuts like footsy.
I'm MAC, you're just a PC
I dont have to watch my back, cuz you can't see me.
F.A.D.C
Except for the female species, they watch me like
S.A.T.C
On road and on the T.V screen,
Old school like 28 B.C. F***ing

(Chorus)

I'm the best
Can you hear me I'm the best rude-boy,
Don't test me fam. Just rest.
Before i f***ing air out your whole chest.
