Ft. Busta Rhymes

I don't need the diamonds
Or all the fancy clothes
Forget about the flowers
I don't need none of those, no

I need another world
Somewhere incredible
Boy, are you capable
Up up away we go
Another level please
Where it's just you and me
That's where I wanna be
Up up away we go

Come take me to the place I wanna go
Regress is glowing blue in the streets of gold
We're looking for a couple stories in the Silver Sun
I want to go tonight, can we make it

I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there

Up up yeah we go

See I don't need a fast car
The money or the fame
Need you to take me higher
Come on and light my flame

I need another world
Somewhere incredible
Boy, are you capable
Up up away we go

Another level please
Where it's just you and me
That's where I wanna be
Up up away we go

Come take me to the place I wanna go
Regress is glowing blue in the streets of gold
We're looking for a couple stories in the Silver Sun
I want to go tonight, can we make it

I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there

Up up yeah we go

[Busta Rhymes]
When you see the Royce pull up with the chaffeur
Take you in a ride, rollercoaster
Party till we spilling drinks then I'm on the sofa
Why we're here all night even when the party is over
Wait here, bring me a couple of moses
Two handycam while you're up in my choker
Where to?
Way out damnit, swear I want a hunnit
I'm on another planet
The way we get it I never understand it
Take two, let me hear DJ bang it
Till the people learn every word, let me sing it
Hands in the air, let us take this down

I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
I'm gonna take you there
Yeah, I'm gonna take you there
