I felt inside electrified
What gives the shine is our light
We're blowing up missiles in the air

Like being in love
It's speed of light
Intangibility
I see the possibility
Say hello life
When dancers wave their hands in the air

Fasten your seat-belt again
Fasten your seat-belt again
I read into your dirty face
Just in case, just in case

Fasten your seat-belt again
Fasten your seat-belt again
I read into your dirty face
Just in case (Just in case)
Just in case (Just in case)

We are metal squads
Melting love with fuel
Here comes the death
But just after this song
Cheap hamburgers, bank offerings
Dirty nuclear stuff
Say hello life
Dancers wave their hands in the air
When dancers wave their hands in the air

Fasten your seat-belt again
Fasten your seat-belt again
I read into your dirty face
Just in case, just in case

Fasten your seat-belt again
Fasten your seat-belt again
I read into your dirty face
Just in case (Just in case)
Just in case (Just in case)

Just in case
Just in case
Just in case
Just in case
