Dear Gene, of course you are here  
And now it's nothing to fear  
Oooh, I should have known  
Oooh, I was never alone

This isn't the last song  
There is no violin  
The choir is so quiet  
And no one takes a spin  
This is the next to last song  
And that's all, all

Remember what I have said  
Remember, wrap up the bread  
Do this, do that, make your bed

This isn't the last song  
There is no violin  
The choir is quiet  
And no one takes a spin  
This is the next to last song

And that's all ...
