I told the truth today and they put me away
I forgot they censor everything we say
Say what I want
Say what I want
Say what I want
I know what's going on and I'll tell everyone
You can't shut me up anymore, no!
I know what's going on and I'll tell everyone
You can't shut me up anymore, no!
I watched the news today and it was full of lies
They aren't telling us the whole story
Hiding the truth
Hiding the truth
Hiding the truth
Hide the truth from us
I know what's going on and I'll tell everyone
You can't shut me up anymore, no!
I know what's going on and I'll tell everyone
You can't shut me up anymore, no!
I wrote a song today and they threw it away
They made a law so record stores can't sell it
Fuck the supreme court
Fuck the pmrc
Fuck jesse helms
Fuck censorship
I know what's going on and I'll tell everyone
You can't shut me up anymore, no!
I know what's going on and I'll tell everyone
You can't shut me up anymore, no!
