Ignorance is rich man's life Comfortably dumb
husband and wife Can't raise a
Conscience, there's no conscience to be raised Kill the
rich now, think of
All the lives we'll save If you're a threat they'll put you
down Collective
Action they won't push you around You work for them,
they don't work at all
Wildcats strike! Watch big bussiness fall KILL THE RICH,
KILL THE RICH,
BEFORE THEY KILL YOU! Ignorance is a closed mind
The best weapon big bussiness
Can find They'll take from you all they can get But they
haven't beaten us
Yet! If you're a threat they'll put you down Collective
action they won't put
You around You work for them they don't work at all
Wildcats strike! KILL THE
RICH, KILL THE RICH, BEFORE THEY KILL YOU!
