Don't got no cash or a future and most people don't like  
me  
I don't get so hung up, I don't get so hung up  
I'll worry about that tomorrow baby, I've got things to  
do

Got worry lines by your eyes cause you stress way too  
much  
I can't relate to you, I can't relate to you  
I take it one day at a time and do the things I need to  
do

See me laughing at my problems see me laughing at  
myself  
Every conflict every hassle just another card that's  
Dealt to me

I have a friend who lives in a warzone across the sea  
Lives in a place where there's constant  
Destruction, death and misery.  
He said I wish I had your problems cause they're  
Nothing compared to mine.  
Think about what he is saying.

You have a choice in your mind, is it open or closed?  
You think you got it rough you think you got it rough  
You've got it easier than most so don't feel sorry for  
yourself

See me laughing at my problems see me laughing at  
myself  
Every conflict every hassle just another card that's  
dealt to me
