I saw you here today and when I waved in your
direction you didn't see me and I was wondering if it's
'cause I'm so short and you're so much more taller than
me. "It's funny 'cause it's true", it's sad I can't
remember the last time but I do recall the first. And
what you did to me_you thought I was the bad guy in
another action movie. And it gives me a headache or a
headrush, whichever one you please to be is fine with
me just don't expect respect, expect much less. So I
guess that was a wave goodbye, so bye bye.
