Sukima naku hirogaru manten no hoshi ga
Onegai yo douka hitori ni shi nai de...
Hane no nai anata wa kaeritsuku noni
Dare yori mo toki ga kakatte shimau no ne

Watashi no sora wa itsumo
Kumo ga oou kara

I will be waiting
Waiting for the moon
Knowing that she'll bring shadows of you
Kanawa nai naraba semete nemurasete
Moshi anata dareka daite shimatte mo
Kokoro dewa watashi wo mite

I stay alone in the dark
Too hung-up to fall asleep
I'm trying to fly to you
If only I could dream so deep

And for you I light a candle
Thoughts of you will keep me warm
This flame is too much to handle
The calm before the storm

Soko kara nukedashite yo...
Tatoe saware nakute mo.

I will be waiting
Waiting for the moon
Knowing that she'll bring shadows of you
Dakara anata igai chikaduke wa shinai.
Mourou to shiteru watashi wo okoshite
Itsu ma demo naite hoshii

I'll wait for you no matter how long it's taking
Or how much my heart's breaking
Don't leave me in the dark tonight

Toketeku mahiru no tsuki he kokuhaku wo
Mezame nai watashi wo hane wo anata he to
Mou ichido yume wo toiki de terashite

I will be waiting
For another sunny day
