

Cindergarden "Genesis"

Visit "[Genesis](#)" on MotoLyrics.com

a perfect match
incorporeal design
pieces fit
string together warning sign

in the distance
coming into form
netherworld symmetry
a new arrangement born

the genesis
a puzzle slips in place
the figure cast
development in time and space

silhouette

shaping truth collide
pulling you apart
visceral decay inside

far removed
events to unevolve
reaching through
darkest mirror riddle solved

fallen light
underneath me still
wickedness
the only thing left to kill
