Innocent eyes  
Bloody hands  
Â  
Death can't hide at Rainbow's End  
Â  
Neon roses on the grave  
Sweetest dreams never made  
Â  
Hidden toy surprise inside  
One more perfect little lie  
Evil in a fun disguise  
Sugar painted in the skies  
Â  
Precious kill  
Glitter tears  
Murdered colors disappear  
Heart of darkness, it can grow  
Pull it out watch it glow  
Â  
Nothing was what it seemed  
Â  
Tricky smiles secret doom  
Blinded by the brightest gloom  
Through the tunnel access gained  
Feel the sparkle in decay
