Never mind the right way  
Never mind the arrows or the signs  
Big waste of time  
Riding on a curve ball  
Tumble down a landslide at the end  
Say I'm wrong again

Ever since you double talked double fisted everybody  
taunts you  
You've decided unrequited everybody wants you

CHORUS:

Right on the mark  
Yeah you are  
Right on the mark  
Yeah  
Right on  
But we're not really talking in the real world

Suck it up now swallow  
Feel it all tomorrow when the sun  
The beautiful sun shines through  
Never mind the summer  
Seasons go as quickly as they come  
Just like cinnamon gum

Gotta up the downer, you wanna close encounter with  
the A-list  
Color in your history - everybody's listening

REPEAT CHORUS

Think about perfection when they talk about infection  
moving downtown  
Flash em your credentials when they ask you your  
potential for a meltdown  
Every since you double talked double fisted everybody  
taunts you  
You've decided unrequited everybody wants you!

REPEAT CHORUS

Gotta up the downer  
Gotta up the downer
