Crossed the lines forbidden scene  
Angel's blood makes dopamine  
Giallo gloves a touch pristine  
The visitor comes in clean

Do your worst on me  
He kills in ecstasy  
In sin he sows the seed  
A little faith is all you need

Hidden are the sinful sights  
Dying in the strange delights  
Moral code breaking nights  
Stimulating wicked heights

Disfiguring  
Disfiguring  
Disfiguring...

Take it out on me  
Lusting so violently  
The knife misogyny  
The visitor a mystery

He kills in ecstasy  
in ecstasy  
in ecstasy
