Heard the phone ring it's
Been awhile since I
heard from you, since
We hung out
Say hello dear,
How you been there
?
?
(Chorus)
Riley We're still around It's a
Long road we're going down
Riley what youve been through is rough
Just keep going don't let air get you down

? hung out could we
have some fun
? arches and we
Both begun
Youve got a real gig and you've
settled down Now it
hurts to hear that you're
???
(Chorus)
for too long...
