Back up on my sick now who's dark I got a kick down
Ten squaters is the click now, my 15 ain't so quick now
Don't trip out, I'm built to lie, still treat to...
Oh shit still advanced take it all away I'm still a star
Still on miles I'm just fucking world bro
... how I'm doing chick that rock on my girl bro
Some expalanatory, twenty men have called me
We're killing tracks is mandatory then are in my
category
Bring that shit back for the first I feel like each verse of
mine
As a whole I'm all... just words the rhymes life in the
taste lines
I burn the lines, they candy...
Don't panic for the pitch I'll turn the blind
Now come to realize I'm a... fine
I roger and floys now you don't wanna bust with boy
Make it never stop with the... still right here for the
grind up
When the whole wolrd didn't wanna count us
And to regulate and to... and they go back till they
found us
With the whole country in the town up and they found
us
I'm chillin spend the time with my lady
Have the board on Mercedes
Said I would back in Mercedes and I go back in the 80s
Young kids just a little bit crazy
Just tryin to use what she gave me
And I'm getting close to daily
Still plan their old school Jay Z
I'm focused man so am I in pocking hand
Aces on deck, put that out in mouth for friends
Still I end it up with checks
Put that out in mouth for friends still they paid me my
respect
If they didn't fuck this see this a bro coming to collect
Put that compus on the deck drowing now my circle
now
If you ain't in it, you ain't down, fuck the critics fuck the
clowns
Ain't no limits, ain't no down see me rounding round

with my whole crew
That's FNI TDI dirty click I owe it to that pants scrabble
And my home boy pin scizzle
And I tell you what this world I'd give you
But the wrong company get hurt to kill you
Choose why I stay loyal to the deff
Life's a rollercoaster I'm not done to join the shit yet
Let's go!
