1st Verse

Ooh
What a night to see
When the homies jord ashton
Aeronautic beat it's the C-O-N-I aint going to play
Around
Steady trying to think of a place we can take you now
Take it real slow trying to be respectful to
So I just suggest it to you like
Do you want to come and sit over here
And just see I got a friend that will serve us drinks
Until he gets off, I kind of think that you will be
Best off
Riding this thing out there will be less cost, for you
And for me I get the bonus the best view
But I put the onus against you
No stress though you can make your mind up
What you wanna do, I'm doing me with this kind
Of come to the night is done, I just want the night
When you come

Chorus (x2)

"Can I get your name and your number? say, can I get
a
Smile or a laugh I'll pay, for a drink or two
Just get to know me, don't leave, no no no you got to
Indulge me..."
