I saw you here today and when I waved in your direction you didn't see me and I was wondering if it's 'cause I'm so short and you're so much more taller than me. "It's funny 'cause it's true", it's sad I can't remember the last time but I do recall the first. And what you did to me\_you thought I was the bad guy in another action movie. And it gives me a headache or a headrush, whichever one you please to be is fine with me just don't expect respect, expect much less. So I guess that was a wave goodbye, so bye bye.
