To Be With You
One hour each lonley day?
Will there be no end
i need/love you so
i want you more than you know

when im alone
i feel the touch of your lips
so softly/close on mine
please say your mine
and come back here to me

to feel your arms
all closed around me inside
my heart wakens up
i still feel your touch
my love

wow what a thrill
ill never leave you i know
for i love you so, to be with you
to be with you my love
