You always knew a way to find my good half  
And I knew just the way to make you cry  
But I ain't giving nothing to the girls in Hollywood  
I've got a picture of my princess in a red dress  
Goddamn, she's looking good

And they'll be dancing in the aisles  
When we're standing face to face  
Get a hotel room on our honeymoon  
At some mighty fancy place

You'll be pretty as a princess  
And I made up my mind  
And I'll open up your car door every time  
Long as you can reach over and unlock mine, oh

And I'll see you just in time to break the scene  
I'll rent a linen suit and a limousine  
And babe, I beg your pardon for this ordinary place  
I got money for the matinee of strangers  
And a million actors faces

And they'll be dancing in the aisles  
When we're standing face to face  
Get a hotel room on our honeymoon  
At some mighty fancy place

You'll be pretty as a prom date  
When you take all my blues  
And I won't mind all that goddamn makeup  
If you wear your dancing shoes

I love the way your bosom makes  
For an envious blouse  
Gonna tie your Sunday dresses in a rope  
And you crawl down the house just to meet me

Pretty girls are made for pretty pictures  
And witches are the women on the strip  
But baby, you were cut from Cashmere and I'll be lying  
here, now  
'Neath these sheets and deep asleep, my baby

And my hands tangled in your hair

But they'll be dancing in the aisles  
When we're standing face to face  
Get a hotel room on our honeymoon  
At some mighty fancy place

You'll be pretty as a princess  
And it's easy to see  
If you don't steal all the damn covers  
You're gonna be alright with me
